

We've Got The Problem Covered!

Unblockable...It's what VGB should be about!

Thanks for visiting our booth at the NEHA Conference!
We appreciate your help in getting our name out.
Please tell your pool owners & operators not yet in compliance to give us a look.

Engineered to always be in equilibrium. No need for an equalizer line.

System functions with self-regulating hydraulic switches. Will not disrupt chemical mixing.

Designed as an ideal retrofit for:

- Large Existing Drain Openings
- Square or Rectangular Drains
- Any Size or Shape of Drain up to 36" some even larger
- Pools built without a sump, Pipe size up to eight (8) inches
- Pools with any size of sump
- Large Volume Pools
- Kiddie Pools – Wading Pools
- Special Water Feature Pools
- Any Pool with flow rates up to 792 gallons per minute

The BeeSafe System Model 1 Large Unblockable High Flow Safety Drain System
